Item 95-3 Addition of Student Conference Session in HST 2250

Motion by Nunn/Luft to put the item on today's agenda. Unanimous approval.

The CEPS curriculum Chair declared this item routine and asked for a vote on the course revision at this meeting. The course revision is: Changing from 3 sections of HST 2250 of 25 students per section to 2 sections of 35-40 students with requiring an additional one individual conference for each student with one instructor per semester. Mike McDevitt said the major change is dropping one section of HST 2250 each semester. Luft/Rawlins moved for approval of changes in HST 2250. Unanimous approval for the changes.

Item 95-4 New Course Proposal - EDG 5940 - Research in Counseling and Student Personnel

Motion by Rawlins/Nunn to put the item on today's agenda. Unanimous approval.

Dr. Saltmarsh spoke about this course. It had previously been offered as EDG 5490, a special interest course. It will no longer be a special interest course. This course is now a requirement for Illinois licensure to be a licensed counselor. The major change being proposed is to change this from a special course number (5490) to a regular course number (5940). The only change that needs to be made to the course proposal form is that there are five courses taught within CEPS that address research methods instead of just the two that are listed in the proposal. In addition to EDA 5900 and ELE 5000, the other three courses that cover research are BED 5900, PED 5900, and SPE 5900. Luft/Smith moved for approval of EDG 5940 with the addition of the other research courses. Unanimous approval for the course.

Item 95-5 EDG 5120 - Theories of Counseling

Motion by Luft/Nunn to put the item on today's agenda. Unanimous approval.

Dr. Kayser stated that this is a new course that is designed to replace EDG 4900 and that EDG 4900 will be dropped so that there is no overlap of course content in the program. This course will be required by Illinois Licensure Law to become a licensed counselor. Rawlins/Sheley moved for approval of EDG 5120. Unanimous approval for the course.

Item 95-6 Revised Course Proposal - ELE 5260 - Advanced Developmental Reading

Motion by Nunn/Rawlins to put the item on today's agenda. Unanimous approval.

Dr. Helwig presented the revisions made to ELE 5260. She stated that there was a change made in the prerequisites and that content in the outline was updated. She also stated these were routine changes and not major revisions. Luft/Nunn moved for approval of revisions made to ELE 5260. Unanimous approval for course revisions.

Item 95-7 Revised Course Proposal - ELE 5640 - Teaching and Supervision of Social Studies in the Elementary School

Motion by Nunn/Rawlins to put the item on today's agenda. Unanimous approval.

Dr. Helwig presented information on the revisions made to ELE 5640. She stated there were routine changes made in the course outline and evaluation of student performance area, as well as updating the content of the course. She also stated that these were not major changes in the course. Rawlins/Smith moved for approval of revisions made to ELE 5640. Unanimous approval for course revisions.

Item 95-8 Proposed M.S. in Secondary Education

Motion by Luft/Smith to put the item on today's agenda. Unanimous approval.

Dr. Butt spoke about the rationale for development of a Master's sequence in Secondary Education. The current impetus for development of the Master's sequence is that an interest was expressed by the BOG to have a Master's Program in Secondary Education developed and submitted for their consideration. As a result of their interest, Dr. Butt has developed a NEPR. Dr. Butt indicated that some changes had been made to components of the M.S. package that CEPS Curriculum Committee members were originally given. These changes include: (a) change in the number of the EDG research course, (b) change in SED 5339 - Cooperative Learning to a topical seminar in second education, and (c) addition of SPE 5500 to

the package with a change in the name of SPE 5500 also occurring. He stated that CEPS Curriculum Committee members would be receiving a new packet of information within the next few days that would include the changes made to the program. Dr. butt also thanked the committee members for considering the proposed Master's program in Secondary Education in a timely manner.

The CEPS Curriculum Chair stated that each new course in the Master's program would need to receive individual approval of the CEPS Curriculum Committee. He also stated that the Master's program and each new course within the program will be considered and voted on at the next CEPS Curriculum meeting. Members should come prepared to discuss and vote on these items. A special meeting of the CEPS Curriculum Committee was scheduled at this point in order to address the master's program and new course proposals submitted by other departments within CEPS in a timely manner. This special meeting will be held on March 29, 1995 from noon to 1:00 p.m. in the Schahrer Room.

Discussion and voting on this item to occur at a later meeting.

Item 95-10 New Course Proposal - EDG 5780 - The College Environment and Student Development

Motion by Rawlins/McDevitt to put this item on the agenda. Unanimous approval.
